

"SYNTH WIZARDS"

By

Alexander Lee-Rekers

INT. CAVERN OF SOULS - DAY

MOOGBLAR bursts into the Cavern of Souls, where rival GRIMLOOP is performing a ritual on a TERRIFIED VILLAGER.

MOOGBLAR

Not so fast, Grimloop!

TERRIFIED VILLAGER

Thank the dragons! Save me!

MOOGBLAR

It seems like you're using this villager to power your soul crystals.

GRIMLOOP

What? No!

Behind GRIMLOOP, the TERRIFIED VILLAGER nods vigorously.

MOOGBLAR

No? Then why are you hanging out in the Cavern of Souls?

MOOGBLAR gestures to the cave. GRIMLOOP looks guilty.

GRIMLOOP

Because ... um ... POWER OF FIRE!

GRIMLOOP shoots a fireball. The impact knocks MOOGBLAR back.

MOOGBLAR

POWER OF WATER!

Another burst of magic. This time, GRIMLOOP stumbles.

GRIMLOOP

I always knew it would come to this. Once we were friends, but your fondness for your fellow humans will cause your destruction.

MOOGBLAR

If only you could see you don't need to stand alone to find power.

They yell spells at each other in an impressive battle. Then:

GRIMLOOP/MOOGBLAR

POWER OF LIGHTNING!

The spells clash! They struggle to block each others' power, holding on for dear life. Finally, the spells cut off.

MOOGBLAR

You see? Power has taught you  
nothing but loneliness and hate!

GRIMLOOP

Oh really? POWER OF AIR GUITAR!

They unleash an epic air guitar solo, MOOGLBAR can barely stand.

TERRIFIED VILLAGER

PLAY ALONG!

MOOGBLAR

WHAT?!

TERRIFIED VILLAGER

PLAY! ALONG!

MOOGBLAR

POWER OF SYNTH!

MOOGBLAR plays an equally impressive synth solo. The solos start to mix and they begin to enjoy themselves. They end with a flourish and high-five.

GRIMLOOP/MOOGBLAR

Woo!/Nice!

The TERRIFIED VILLAGER stands up and brushes themselves off.

TERRIFIED VILLAGER

That was amazing! You know, I run  
the Neon Tavern in Winterfell. Care  
to play a gig?

GRIMLOOP

You kidding?!

MOOGBLAR

Do dragons breathe fire?!

TERRIFIED VILLAGER

Nice! What do you call yourselves?

They look at each other, nod and put on sunglasses.

MOOGBLAR/GRIMLOOP

Synth Wizards!

They punch the air. Freeze frame.
